
DAO VINH KHANG

Front-End Developer

Seeking a **Front-End Developer** position to further develop technical skills and gain hands-on experience in a professional working environment.

Long-term goal is to become a **Full-Stack Developer** capable of building end-to-end web applications and delivering meaningful value to the business.

Experience

DXD Labs Company Limited — 09/2025 - 11/2025

Front-End Developer Intern

- Built **responsive** user interfaces based on **Figma designs** using **React.js**, **Next.js**, **Tailwind CSS**, and **Ant Design**.
- Implemented **form validation**, **integrated APIs**, and **resolved UI/CSS issues** to improve user experience.
- Collaborated **remotely** with team members via **Slack** to deliver features on time.

Tin Viet Software Solutions — 12/2024 - 04/2025

Front-End Developer Intern

- Developed **responsive** website user interfaces using **React.js**, **Next.js**, **Bootstrap** and **Ant Design**.
- Implemented **data display**, **search**, **filtering** and **sorting** features with **form validation**.
- Collaborated with team members to discuss requirements and ensure timely feature delivery.

Projects

01/2025 - 05/2025

ElecKing (E-commerce Website)

Graduation Project - Team Size: 4

Role: Team Leader

- **Designed RESTful APIs** and **structured the MongoDB database** for core e-commerce functionalities.
- Built **responsive** client interfaces using **Next.js**, implementing **search**, **filtering**, **product sorting**, **cart** and **checkout** features.
- Integrated **VNPAY payment** gateway and developed **order**, **voucher** and **address management** modules.
- Implemented authentication and authorization using **JWT**, including **registration**, **login**, **password recovery** and **profile management**.
- Conducted code reviews, ensured UI quality and deployed the application to a VPS server.

Technology used

Next.js, Express.js, MongoDB, Tailwind CSS, Ant Design

05/2025 - Present

Portfolio (Personal project)

- Developed a **responsive** personal portfolio website to showcase projects, technical skills and career information.
- Implemented interactive UI features, contact **form validation**, reusable components and **multi-language (i18n) support**.

Technology used

Next.js, Tailwind CSS, Ant Design
